Systems Transformation Grant Retreat
January 29, 2007
Goal 1, Group 1, Breakout Session Two

- SC Access staff are currently updating and adding new resources to the system.
- Sometimes it is hard to find a contact person in order to update or add resources to the system.
- The SC Access database is voluntary.
- Individuals can call the Lt. Governor's Office SC Access staff for assistance in posting resources to the web site.
- The SC Access website is linked to other agency websites.
- It was suggested that SC Access should be marketed to faith based organizations and doctor's offices.
- There was discussion of how to determine what should be added to the SC Access Learn About section. Individuals were requested to identify the common questions they are asked to determine what should be added.
- There is no screening conducted of individuals listed on the personal care worker listing. Individuals must indicate on their application whether they are willing to have a background check.
- Additional information regarding support groups and transportation resources should be added to SC Access. SC Access staff requested that individuals/agencies provide leads/contacts, as well as send in data for inclusion.
- It was suggested that SC Access be linked to other agency websites.
